

Subject: Changes Coming to Phase 10 Park

“Harmony Developments Inc. and the Owners Association of Harmony want to thank all the residents who provided their support of accessible features for the Phase 10 park. The care of and for the community by residents is admirable. HDI and the OAH have also had the opportunity to meet with the Larose family, and they gave valuable feedback on areas that could be improved.

With that feedback provided by the Larose family in mind, HDI has decided to remove three features of the planned park and will replace them with more inclusive and accessible features. These features will include two sets of staircases and a bridge between apparatuses. This will make the transition to the play areas more accessible for all members of the Harmony community. Please see the attached images for an updated rendering of the Phase 10 park.

We will continue to work towards integrating accessible and inclusive play in future areas of Harmony, including Phase 2 of the Adventure Park. HDI and the OAH will continue to share updates as this project develops.

However, the conversation doesn't end there. If you would like to share your ideas for play in Harmony, please email admin@harmonyowners.com. Suggestions and ideas are welcome.

We look forward to sharing pictures and construction updates as the project progresses.

OWNERS ASSOCIATION
of
HARMONY[®]

Thank you,
On behalf of Harmony Developments Inc and The Owners Association Harmony
