

Ice Fishing Contacts

Updated September 26, 2023

Dear residents,

We are aware of an issue of persistent non-residents ice fishing on Lake Harmony. This has raised the question of who to call when you see someone actively ice fishing on the lake.

Signage will be posted in the community when the ice has begun to freeze over.

Please see below for a list of who to contact at what times:

NOTE: ****If there is an immediate danger or safety concern, call 911****

1st call: Cochrane RCMP – non-emergency trespass potential danger 403-932-2211

- When to call: any time 24/7
- The more calls that get logged with the Cochrane RCMP, the better response time we will get from them

2nd call: Paladin Security @ 403-508-1888

- When to call: anytime 24/7 (NOTE: Paladin has less staff in the evening and dispatch times may vary)
- Please note that due to volume of calls and distance to Harmony, it may take 30-60 minutes for the Security Guard to arrive on site

3rd call/email: Nancy Farah @ 403-669-1395; email admin@harmonyowners.com

- When to call: Mon-Fri between 9AM-5PM

We are currently working with all the above parties and intend to ticket trespassers and escalate penalties for repeat offenders.

Thank you for working on this ongoing issue. We thank all residents for their aid and assistance as we manage this situation.

Your OAH Team
Sincerely,

Owners Association of Harmony
